Hello, This is the most recent grooming victim of
gken0381/Drupen/DRUPENEASSOT/Tetene583297. His name is Vel, a 16 year old transgender
boy that turns 17 on February 1st. He wanted to keep his age and birthday as a secret but that's not
really possible anymore. He is currently in 11th grade and with several disabilities and mental health
disorders, and I'm here to share his experiences with him and he's terrified of releasing this due to
the blackmail he has against him, his username will be censored at all times and this will be posted
in a throw my account. As I am making this he is 22 years old and he is 16. This is a 6 year age gap
relationship he has with Vel.

How did he met gken0381/Drupen/DRUPENEASSOT/Tetene583297 they met in a discord
server when he joined Vel talked a bit about his art and how he liked it in dms then one day he
said as a joke to my me about me twerking and he joined the voice call in middle of him saying
that then dm'ing him this right after.

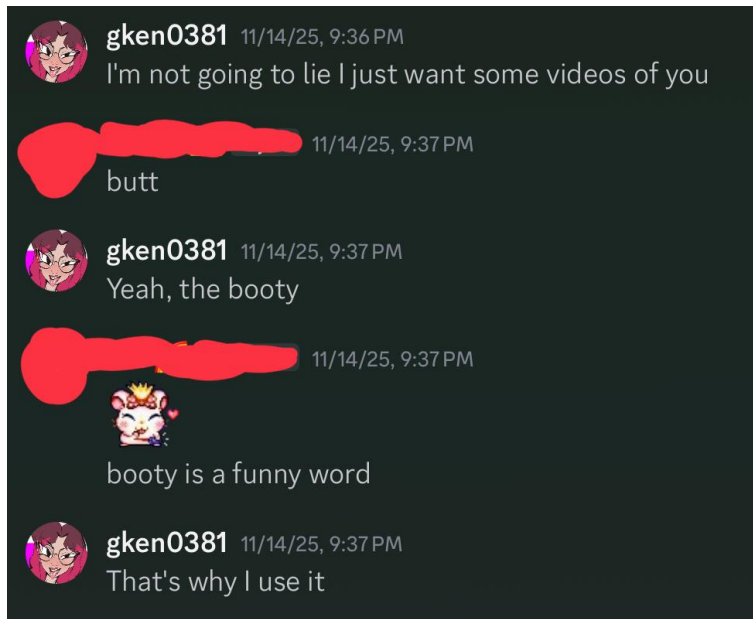

He does admit he was playing around and not being serious at all until he offered him 30 dollars for a video of his butt in which he accepted in which he have asked his age and got this as a response

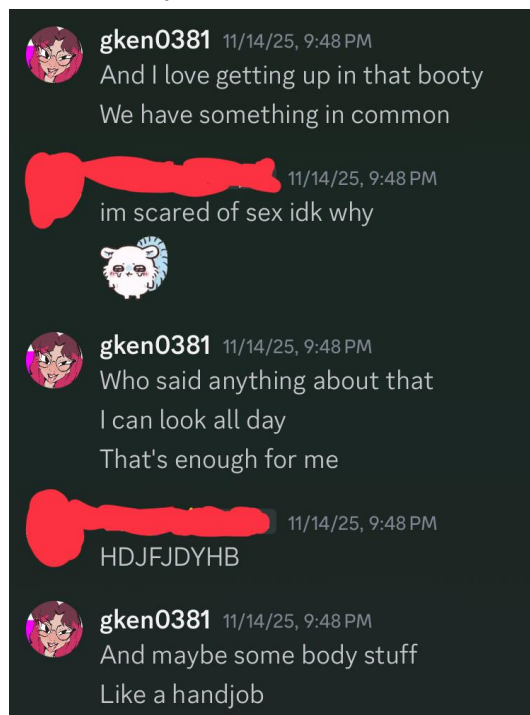

In response he said he was 16 years old explicitly saying he is 16 and showing his poor maths skills then after proceeding to tell me he's a nsfw artist and showing me his nsfw art to a 16 year old boy.

then he shows him his twitters bookmarks which is all porn and nsfw related then he show him his private twitter account that he is still followed too till this day then offers him to draw him something for a video for his butt then tries to convince Vel to groom a 14 year old but Vel refuses because he knows better. Then after he talks about how his room is so hot due to it being very hot where he live, then he says he's half naked which to this day he regret it due to him enabling him and then him saying "if only i could see" then he proceed to show him his nsfw art most of it were vent art of his sonas getting SA'd then he just switches the topic by saying this.

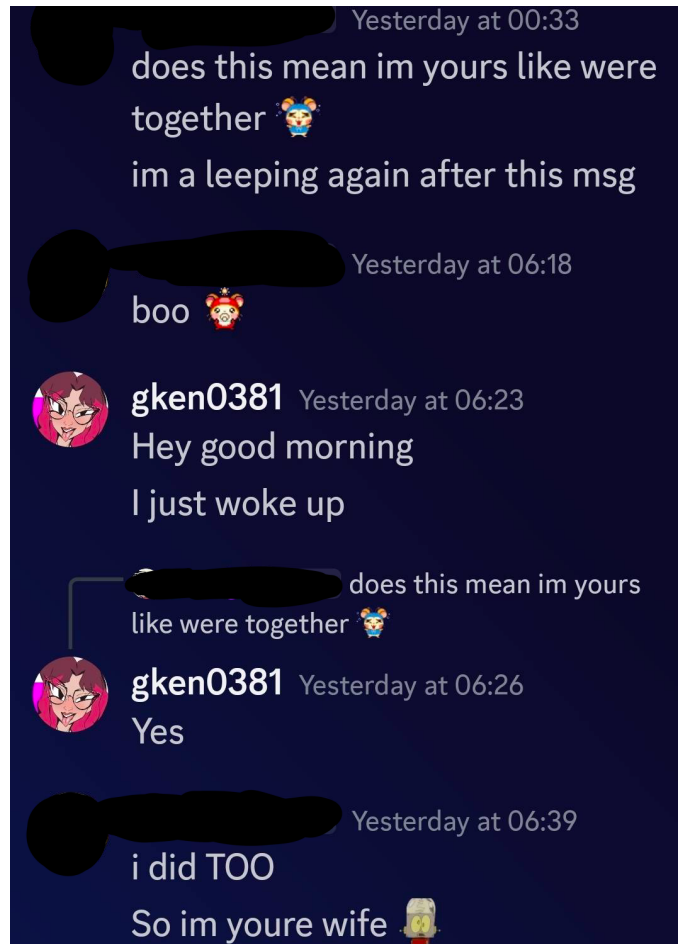

knowing his maturity and age he admits he uses the word booty because its funny to him then he keeps begging for a picture of his butt then he proceeds to show him a bit of his privates then praises his body and thats when he admittedly fall for him then mentions how he wants a hand job right after he says he is scared of sexual intercourse

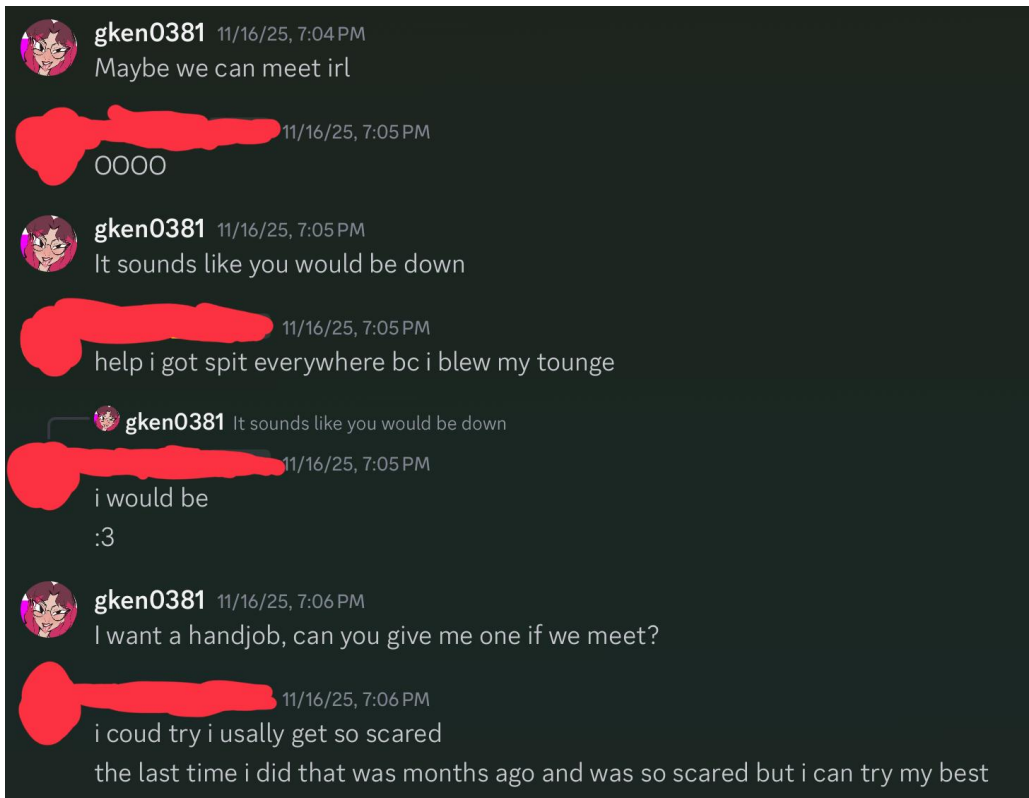

Then he proceeds to send him CSEM of his panties in bed around 10 pm est then proceeds to send him an explicit picture of his privates while he wanted him to send nudes to him

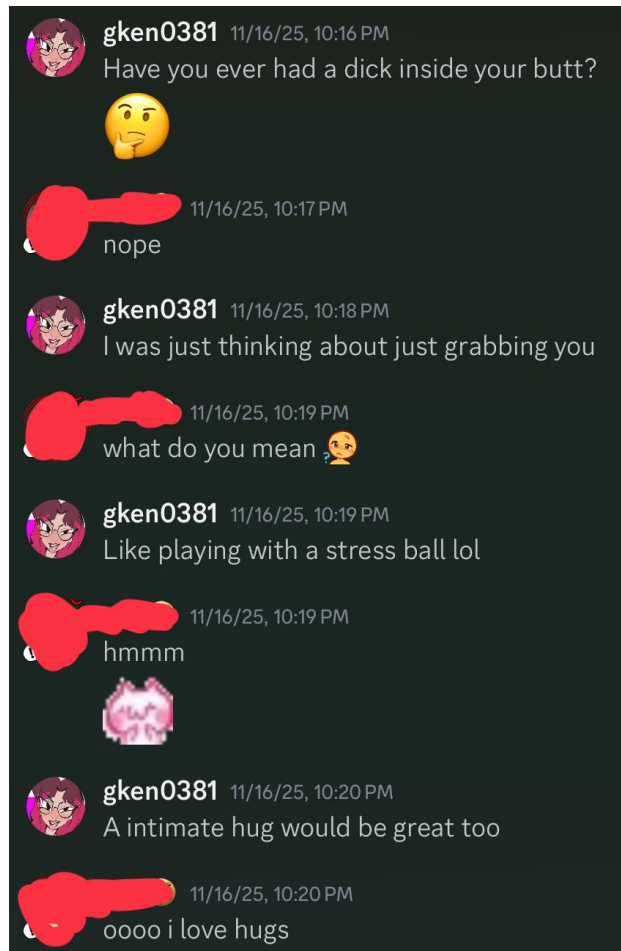

Then also proceeds to send him another video of him ejaculating. Then he proceeded to send him my panties with scars that are noticeable if you know him in real life. Then he sent him a video of him squeezing them, then in the video it says "ow! This hurts" which basically means what he's doing hurts a lot mentally and physically then providing him with better lighting he says then proceeding to beg for that video of his butt which he says no until he pays him first which was never made the purchase was never made at all, as of 26/11/25 then he proceeds to say he will ejaculate on me after he ask him if im cute then he proceed to say "i love thisbsong sm take me to heaven~ mister 007~" then sending him a picture of his butt hole then asks him to oil up with him then he says that he was sending nudes to older men for money since he was 12 years old and then he says "but then anything happen though?" implying if anything bad happened to him when he sent those pictures then he says "my mum took my ipad for a whole year" then he show him one of his nsfw drawings saying i like it, then he asks him if any other girls in the server so he could groom and have a "harem" and he got jealous and said "i wanna keep you to myself" and he said its fine that could work then he proceeds to beg him to show him his boobs (he's transgender and still has female parts.) and he felt bad and sent him CSEM of his body because he felt like he truly loved me then later around 12:30 am est he asked him if they were together like boyfriend and girlfriend he says yes implying that he was never a real boy to him.

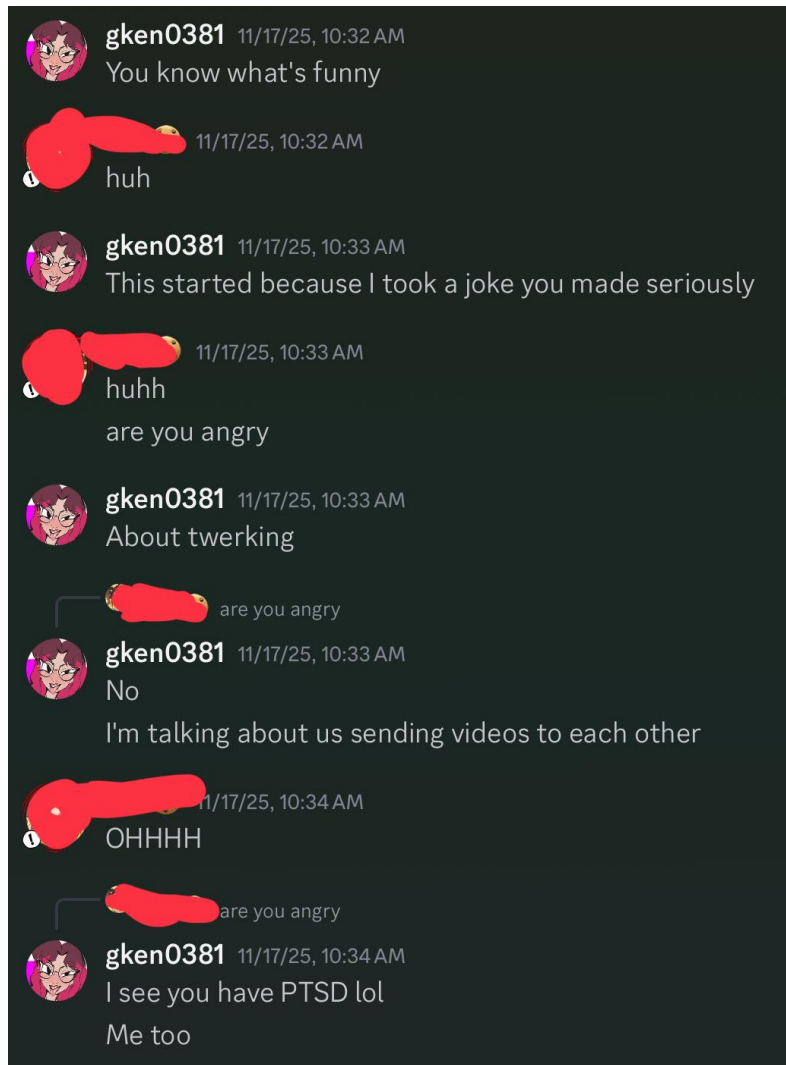

After this it was just mostly sextalk and distribution of CSEM of him and nsfw art he made of him and gken then he asked him to voice act something for him for his youtube video which is still posted as of writing this on 26/11/25 which has his voice saying very suggestive stuff of him being "sexy"? For his standards this video haunts him till this very day sense he 16 years old and shouldn't have made a 16 year old do this for a 22 year old then asked him for a picture of his cum then asked him to show his dick to him knowing that he's biologically a female then plans to meet up for sex around december of 2025 then demands a hand/blow job from him despite saying hes scared to do those stuff

he told him that he was molested when he was 14 years old into giving someone a blowjob for money and asks several more questions then after he suggests flavoured lube on his penis when they meet because he wants to give him a blowjob after this he told him he has a self harm addiction that he still suffers with till this day then he suggest we could have sex in his local library which was a horrible idea then out of doubt he asks if he loves him and he says he loves him too then asks if he has ever had a penis in his butt which he says no then responds with this.

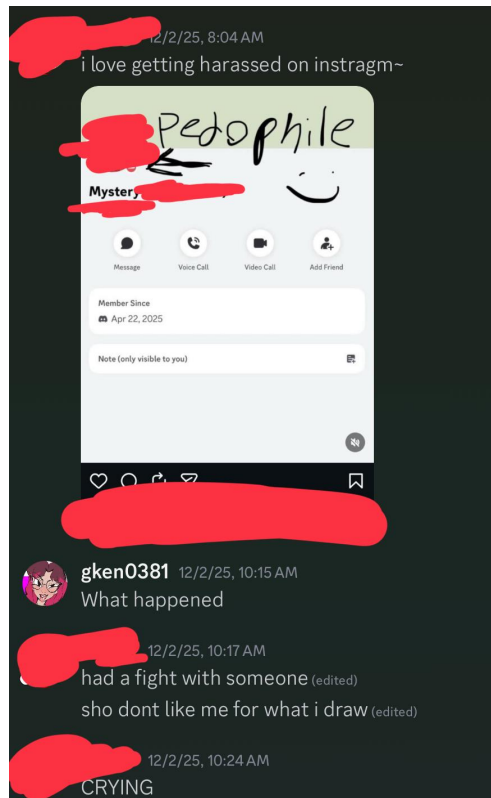

We still dont know till this day what he really meant by grabbing him it was either to rape him or to sexually abuse him we dont know, then in the morning he begs for videos of him so he can ejaculate so he does that before school starts sense he was rushing myself he told him he has a camera in his bedroom and he went to the bathroom to record those videos then he says he has to do more videos with his boobs out then he records a video of his feet too him then he said to degrade him in dms which he didnt do because he only degrade the people he likes then he sents him a video of him ejaculating then says this

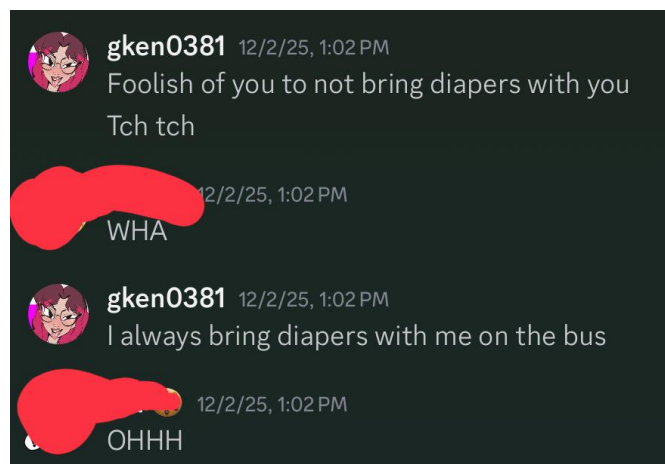

then after this time they just had "normal" conversations then teaching him how to draw nsfw in an easier way and in his style then calls him asian for being good at maths then a few days later getting arrested and not DM'ing him the whole day. making him record something in the lines of "I wanna hug you and kiss you because I missed you that bad dont leave" then begs him for his butt right after some bit of conversation and after more he told him he got a new billy and mandy t shirt he put it on and showed him and he told him to take my bra off and show him and that's what he did because he asked him for it he also posts a video that including his voice he is 16 and still is as of 7/12/25 and begs for a video of him doing this as he describes as i will get nauseous typing it out "Can you do a video laying on your back holding your thighs together with your arms, no underwear" then a few more days later he shows me a model reference of what he wants me to do saying no underwear on and getting upset and saying to stop making the videos seconds long and on 29/11/25 he uses his voice in a another video and makes fun of his speech impediment.

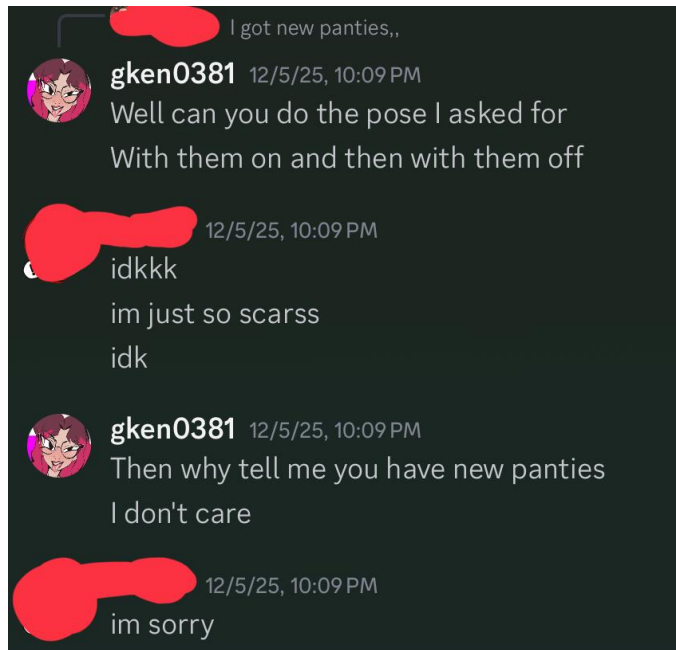

and while the whole situation with OJ, [REDACTED] and Dex he ranted to him about the whole situation and says it was his fault into getting in that situation he does admit it was a bit of his fault for admitting that he was a shotacon but

please know hes had this fetish sense he was 9 years old stemming from grooming and more and he am actively seeking help for then suggested to make a youtube video of him defending lolisho then he says he need to pee because he was on a school bus and needed to pee then said this

he said two days later because of no interesting talk “i wanna hold your hand im so cold” he replies with “i want you to hold my pee pee with your cold hand” then he rants more about the situation and say he's turning seventeen soon then the next day he says he got new panties he does admit this was his fault but he was so excited because they had pandas because he has a low IQ if thats the correct word he gets excited easily for childish things then he asks for the video of me laying down with no panties then gets mad when he says hes scared.

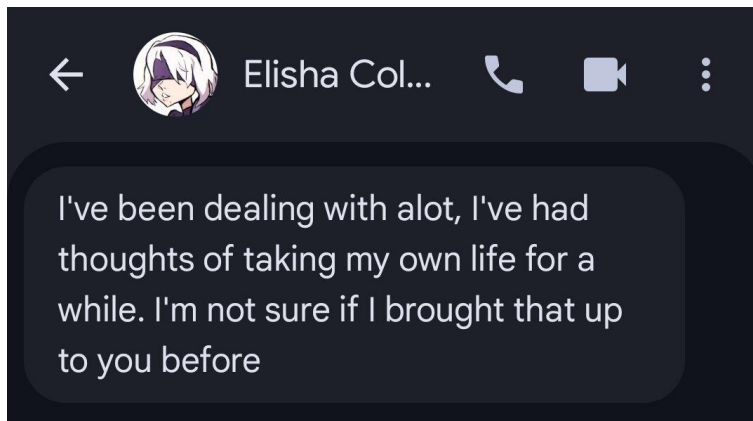

then next day (they barely even talk anymore) he asks him for his butt again when he sends him a normal photo

then he asks for his phone number which he gives him then he guilt trips him telling me he wants to kill himself which he felt so much more worry for sense he had a ex that has previously killed themselves because of his breaking up with him which he still blame myself for till this very

day, and he got told it was guilt tripping,

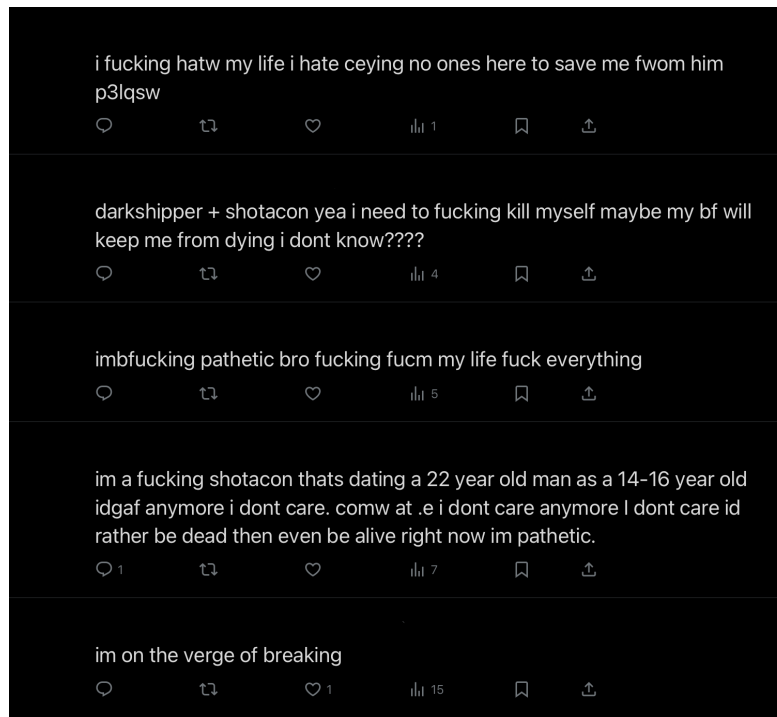

then finally 7/12/25 he was talking to him so we could meet up and he tells me he could make money quickly which he accepted then asked how then he says he could sell pictures of his boobs and his private parts and can get 300 dollars and could possibly have a buyer while telling me he can pay him 300 dollars then tries to convince him to posts my nudes for money on twitter which our friend kat convinces him not to do anything stupid and when he told him he dont want to do it anymore he got angry and said whatever and not talking to him for a whole day.

After this whole situation his mental health went to the complete worst it has ever been in his life ever he's gained a severe porn addiction, weird fetishes. His art has degraded to porn sketches for him and himself. It has ruined him completely. It ruined his friendships with several people because he refused to leave him it took big massive toll on his mental health he cries myself to sleep mostly every night because he really thought he felt something for me but in reality he just wanted him for his body and that's the worst part he doesn't know if he will leak everything he did if he ever release this about him as of 26/11/25 or come to his house and hurt him or leak his fetishes to other people on the internet making people hate me for what he made him do, and he doesn't care if he leaks his stuff either he was on the verge of going to a mental health institution for him almost trying take his own life on 5/12/25 because he was upset with him and when people get upset with him he think its his fault and start to spiraling until its a crisis and these are some of his tweets that he have personally archived before deletion and the type of

things he'd ask for before he attempted to blocked him.

Mutual's Statements

OJ's Statement

Hello. I'm one of Vel's dearest friends, Oj. Before I give my statements on everything, I would again like to make a public apology to Vel, and to ANYONE else I've hurt during this situation. I shouldn't have never let this situation get out of hand the way it did, and I take full accountability of the posts I made during the time.

Now that the apologies are over with, I'm going to move on to what me and my other friend, Dex, have done during all of this.

On December 4th, after me and Vel apologized to each other about the recent situation involving him, he had given me more information about his relationship with his groomer, who we now know as gken0381, or by his **public** legal name, Elisha Russell Coleman.

Proof of his name being **public** knowledge.

Me and Dex have found more incriminating evidence against Elisha to prove that Vel is not his only victim.

On June 26 of the year 2023, The youtuber "[CB2](#)" uploaded a video on the infamous youtuber [Illuminaughti's](#) being filled with creeps, one of those creeps being Elisha himself. If the timeframe was correct, this would mean Elisha has been preying on minors for over **3 years**.

If you want a more in-depth analysis of the video, here it is.

https://youtu.be/uAkOAZK80JE?si=C0yGFxKd5epJM_jZ

Elisha has done many other disgusting things besides grooming. He has also drawn **Nazi porn** and **zoophilia** content, has harassed many women with porn he drew of said women, and sent them death threats.

Proof of the zoophilic content. (I don't recommend looking at this for your wellbeing.)

He has also drawn multiple NSFW of the youtuber Jellybean, who at the time was a minor, so be aware of that as well.

Me and Dex have already sent in everything to Cybertips, and we are currently waiting on a response. We have also contacted CB2 with the new information we have on Elisha, and are awaiting a response. (Update: CB2 never responded.)

I will link all of his socials below. What you can do is spread this document around to anyone you can. If you or anyone else have been affected by Elisha's disgusting behavior, do not hesitate to contact me or Dex.

Thank you for reading.
